- Through a grant from the N.C. Rural Center, The Center for Green Research & Evaluation at Elizabeth City State University is conducting a project called the Northeast NC Green Initiative. The project includes the creation of a baseline inventory that will support the development of a sustainable green economy in a 21 county region of northeastern North Carolina. These efforts are already helping communities throughout the region identify opportunities for sustainable development and green jobs. Mr. Lancaster, special advisor to the ECSU Center for Green Research & Evaluation, will give an overview of the work that has been done and highlight potential opportunities for APNEP to support these efforts to help communities in the region.
