SUBJ: Next Meeting Date

DATE: April 16, 2002

Hi folks!

It's necessary to postpone our next meeting (originally scheduled for Thursday April 25<sup>th</sup>) to Thursday June 6<sup>th</sup>. Unfortunately, the persons intending to make presentations on the Dismal Swamp water management proposal are unable to meet with us on the 25<sup>th</sup> and, since this was the only agenda item identified for the meeting, Chairman Haste has chosen to postpone the meeting. As the time draws closer to June 6<sup>th</sup>, an updated agenda will be mailed to you.

I'd also like to take the opportunity presented by this mailing to let you know that Chairman Haste and Yates Barber are participating in an EPA site visit to the Albemarle-Pamlico National Estuary Program (APNEP) region. This is occurring on Friday April 19<sup>th</sup> and is part of EPA's evaluation of our progress in implementing the APNEP Comprehensive Conservation and Management Plan (CCMP). They will visit our demonstration project (constructed wetlands in Winfall) and will engage in discussion with Chairman Haste, Mr. Barber and other project partners. My thanks to them!

I hope you are not too inconvenienced by the meeting postponement and, as always, I thank you for your understanding and commitment to protecting the natural resources of eastern North Carolina.
